

Proposal

I chose this topic because it is very important not only for me but for others as well. Because many people are not aware of the fact that Muhammad is the Prophet of our time and he is the final Messenger chosen and sent by the One and Only God (Allah), our Creator and the Creator of the entire Universe, who alone is worthy of our worship. I have decided to research it more deeply and share it with others. Probably, some people because of their lack of knowledge or some other reasons rejected Muhammad, peace be upon him. Some people, who have an authority, do not like to admit that Muhammad was a prophet of God even though they are certain about his Prophethood; they try to hide that fact and misinform and misguide their followers. Some prejudices, their propaganda, and the media in the West support them in this effort. Most importantly, I would like to encourage everyone to read, learn, and research like myself to find more about our Almighty God, beloved Prophet Muhammad, and compare the true Jesus' teaching to St. Paul's doctrine, trinity, in order to make sound decisions for themselves. Because of this, I want to inform individuals and share my knowledge with them.

Actually, as a student of Islamic University, I have learned a lot about these topics, and I have decided to share this not well known information to the Western people in order to inform them. I am writing this to all my dear Christian friends who gave me Bibles and invited me to their churches and Christianity. Of course, I am writing this to everyone who wants to open their hearts and their minds to ponder about all this. I have put my heart, time, and effort into this research paper. I feel kind of obligated to share with everyone what I have found.
